

Hippo Armchair

Hippo is a sculptural and comfy rotating armchair of compact dimensions. With its distinct rounded shape, the manner it is rotated and superior comfort, it facilitates interaction between its users and the environment in which the chair is located. Hippo lends a hint of relaxed timeless comfort to your home, yet it still functions excellently in large office areas, hotel rooms and lobbies, or other public spaces where facilitated interaction between users is required.

Designed by **Zoran Jedrejic**
