

Le Mans System

Le Mans is an elegant collection of classical lines and accentuated form – sophisticated and impeccable. The sculptural contours of this system, together with its comfortable backs and armrests make Le Mans collection compact and highly cozy. The oval shape of the system adds to its all-around harmonious appearance. Armrests are rounded for ergonomics and aestheticism, making the entire Le Mans collection a pursuit of perfect proportions. In addition to various combinations, Le Mans offers the options of two-seat and three-seat sofa, armchair and pouf. The collection is intended for both private and public spaces.

Designed by **Zoran Jedrejic**
