DESCRIPTION

The Bloop sideboard reinterprets the classic sideboard with a softer, more fluid geometry. Rounded front panels rise seamlessly to meet the frame, creating a distinctive graphic character. The curved junction between the front panels and the storage unit reflects Artisan's meticulous attention to detail and the technically demanding manufacturing process, perfected through hand finishing. This piece combines elegance and functionality, making it a statement element in any contemporary interior.

PRODUCTION PROCESS

The sideboards, lowboards and cabinets are crafted from solid wood, carefully chosen to showcase the natural grain and texture. Precisely cut and shaped, each piece features clean lines, perfectly fitted joints, and sturdy construction for long-lasting durability. Surfaces are hand-sanded and finished to protect the wood and enhance its organic beauty. High-quality hardware ensures smooth, silent door and drawer operation, while select designs feature sculpted fronts or integrated handles that highlight Artisan's craftsmanship. Available in various styles and finishes, these sideboards blend timeless elegance with functionality, making them a versatile addition to any space.
