VALAMAR

ISABELLA ISLANDS MIRAMARE SUITES&VILLAS

Location:
Poreč, Croatia

Project scope:
Hospitality Outdoor Furniture

Completion year:
2021.

Rattan Sedia has furnished a number of properties across the Valamar portfolio with a range of outdoor furniture solutions, from hotel terraces and pool areas to beach zones.

For Isabella Island Miramare Suites & Villas, we supplied sun loungers for all poolside and relaxation areas. Across Valamar's beach locations, our sun loungers are also used in demanding coastal environments.

SHERATON

HOTEL

Location:
Dubrovnik, Croatia

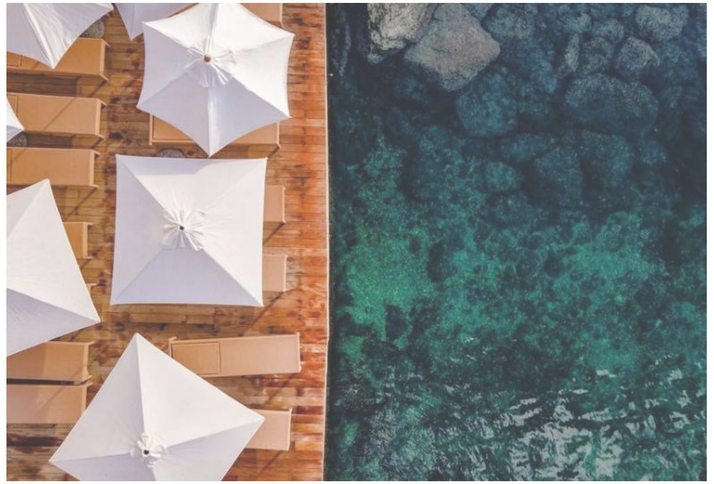

Project scope:
Hospitality Outdoor Furniture

Completion year:
2015.

For Sheraton Dubrovnik, we developed bespoke lounge armchairs created specifically for the hotel's terrace. Their rounded, generous form was designed to deliver a sense of privacy and exceptional comfort while complementing the calm, refined character of the surrounding landscape.

Paired with custom lounge tables, the seating creates an elegant setting for relaxation and informal hospitality.

HOTEL ISTRA

HOTEL

Location:
Opatija, Croatia

Project scope:
Hospitality Outdoor Furniture

Completion year:
2024.

Hotel Istra is one of the projects delivered for the Liburnia Hotels & Villas group. For this beachfront setting in Opatija, we furnished the hotel's beach area with sun loungers developed for comfort, long-term durability and intensive daily use.

Designed to perform in demanding coastal conditions, the loungers complement the natural character of the waterfront while providing guests with a refined and comfortable place to relax by the sea.

SVPTRVS

WATERMAN SVPETRVS RESORT

Location:
Supetar, Croatia

Project scope:
Hospitality Outdoor Solutions

Completion year:
2022.

For Waterman Svpetrvs Resort, we designed and installed a large-scale retractable pergola system covering the entire pool area.

This project reflects Rattan Sedia's ability to deliver tailored outdoor solutions for demanding hospitality projects, including large, specific spans, custom configurations and systems where design, engineering, durability and reliable performance must work together at the highest level.

HILTON

HOTEL

Location:
Podgorica, Montenegro

Project scope:
Hospitality Outdoor Furniture

Completion year:
2016.

For Hilton Podgorica, we furnished multiple outdoor areas with contract furniture designed to support the hotel's diverse hospitality experience. The project includes a spacious dining terrace at ground level, as well as an elevated rooftop lounge conceived for relaxed evenings, private gatherings and panoramic views of the city.

Developed for intensive outdoor use, each piece combines comfort, durability and refined design suited to a five-star hotel environment.

HORIZONT

HOTEL

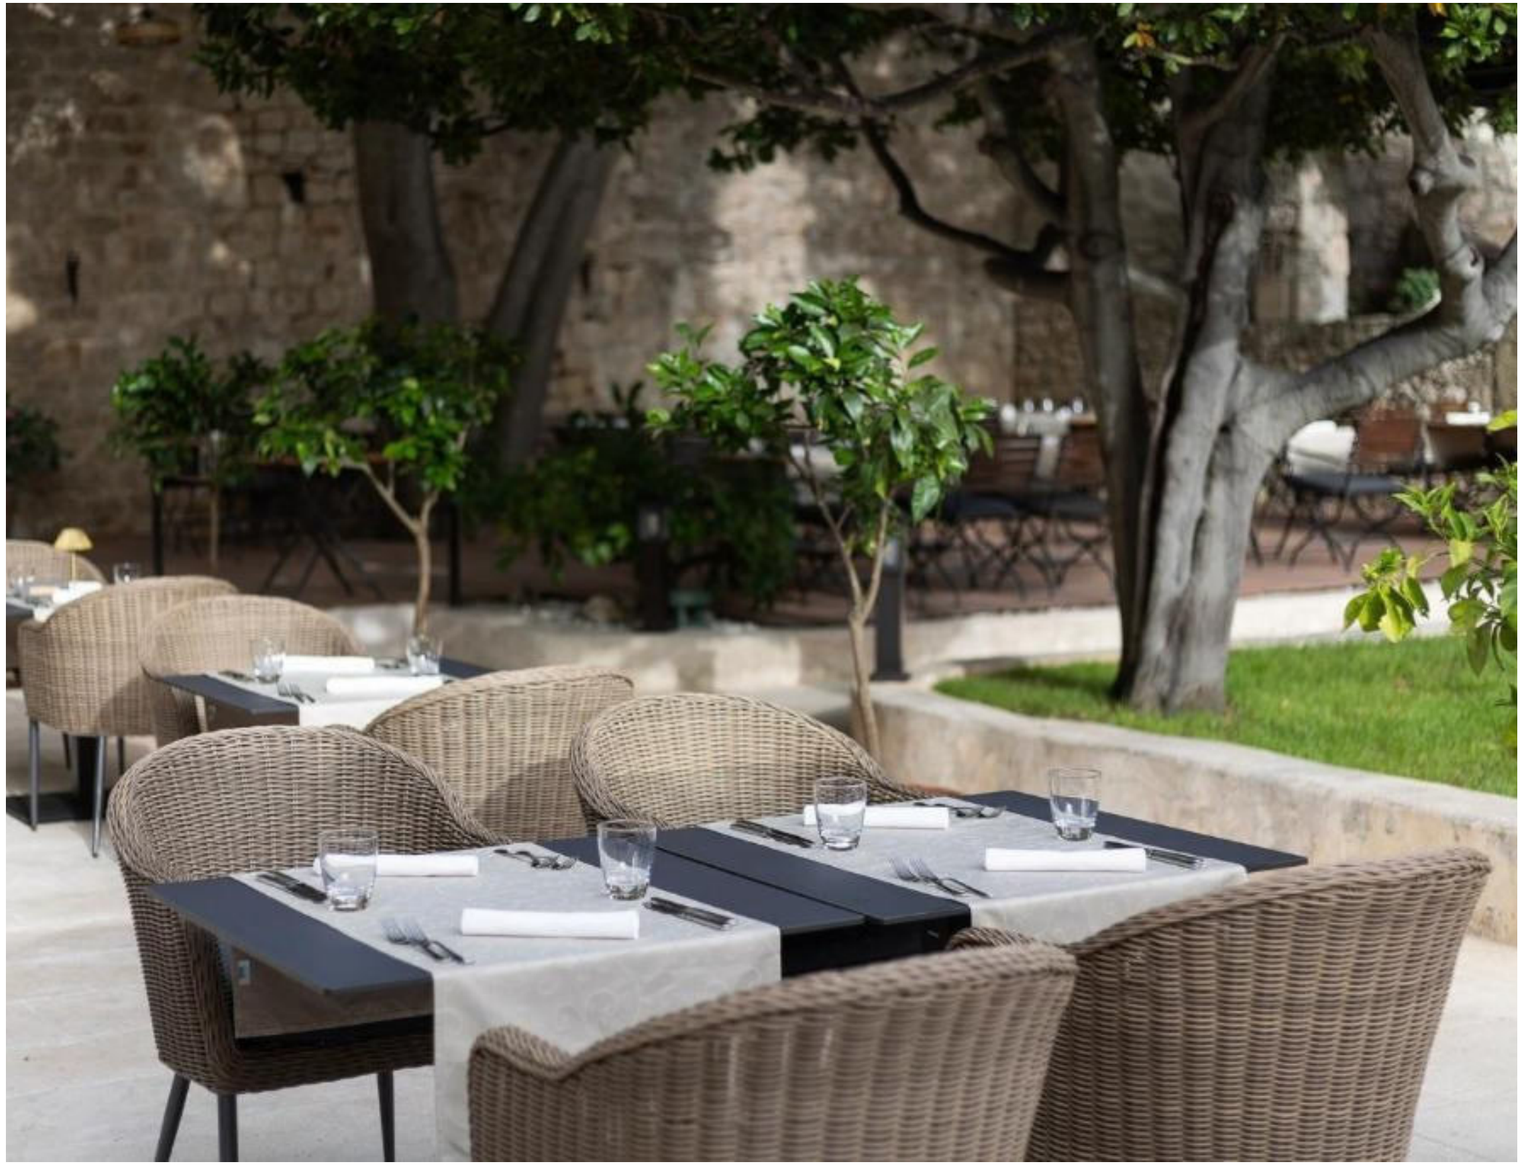

Location:
Jahorina, Bosnia and Herzegovina

Project scope:
Hospitality Outdoor Furniture

Completion year:
2026.

For Hotel Horizont, we furnished the entire large-scale terrace with a carefully composed selection of dining furniture, lounge seating and statement pieces.

The restrained palette, contemporary forms and considered material combinations complement the hotel's modern architecture and open mountain setting.

PUTEUS PALACE

HERITAGE HOTEL

Location:
Pučišća, Brač, Croatia

Project scope:
Hospitality Outdoor Furniture

Completion year:
2024.

For this hotel courtyard, we curated the furniture to belong naturally within the architecture and atmosphere of the space.
Through a considered choice of materials, colours and finishes, each collection can be adapted to the identity of a project, creating a cohesive hospitality environment rather than simply furnishing it.

Designed for intensive outdoor use, the furniture brings lasting comfort and elegance to even the most distinctive hotel ambiences.

TERME TUHELJ

WELLNESS HOTEL

Location:
Tuheljske toplice, Croatia

Project scope:
Hospitality Outdoor Furniture

Completion year:
2019.

For Terme Tuhelj, we furnished the wellness area with a collection of lounge beds designed for complete relaxation. Their generous proportions, soft cushions and woven bases bring a sense of comfort and quiet refinement to the spa environment.

The neutral palette was chosen to work seamlessly with the warm mineral surfaces and distinctive architectural structure of the space.

AMADRIA

CAMPING RESORT

Location:
Trogir, Croatia

Project scope:
Hospitality Outdoor Furniture

Completion year:
2021.

For Amadria Park Camping, we created a relaxed outdoor setting designed around the experience of staying by the sea.

Developed for demanding coastal environments, the furniture is made from materials resistant to UV exposure, salt air, rain and changing temperatures. This ensures lasting comfort and an elegant appearance through continuous use, season after season.

MARIS HOMES

CAMPING RESORT

Location:
Jasenovo, Croatia

Project scope:
Hospitality Outdoor Furniture

Completion year:
2024.

For Maris Homes, we furnished the terrace of every accommodation unit with a consistent combination of lounge seating and dining sets.

For projects of this scale, long-term durability is essential. The furniture is developed to withstand frequent use, sun exposure, rain and the demands of a busy hospitality environment, while retaining its comfort and refined appearance over time.

EZZA

STEAK & COCKTAIL BAR

Location:
Dubrovnik, Croatia

Project scope:
Hospitality Outdoor Furniture

Completion year:
2021.

For this exclusive steak&cocktail bar, we furnished the terrace with a curated combination of chairs and tables, unified through materials, colour palettes and comfort.

Designed for intensive professional outdoor use, the furniture is resistant to sun, rain, temperature changes and everyday wear. The result is a terrace that reflects the restaurant's exclusive character and performs equally well from day into evening.

FORZA KUK

RESTAURANT ON THE TOP OF LOVĆEN

Location:
Lovćen, Montenegro

Project scope:
Hospitality Outdoor Furniture

Completion year:
2023.

For Forza Kuk, located at the top of the Lovćen cable car, we furnished the large panoramic terrace with dining furniture designed for a high-traffic hospitality setting. The selection complements the bold contemporary architecture while allowing guests to experience the landscape from every part of the terrace.

At this altitude, outdoor furniture must perform through intense sun, strong winds, rain, cold and significant temperature changes.

FORZA PORTO

RESTAURANT

Location:
Porto, Montenegro

Project scope:
Hospitality Outdoor Furniture

Completion year:
2021.

For Forza Porto, an exclusive waterfront restaurant in Porto Montenegro, we furnished the dining terrace with a collection that reflects the refined character of its marina setting.

Designed for intensive professional outdoor use, the furniture combines comfort with the durability required in a coastal environment.

VILLA GEMMA

VILLA

Location:
Vodice, Croatia

Project scope:
Hospitality Outdoor Furniture

Completion year:
2024.

For Villa Gemma, we furnished the complete outdoor area with pieces from the same collection, finished in one cohesive colour palette. Lounge seating, dining furniture and poolside loungers were selected to create a consistent visual language across every terrace and relaxation zone.

The result is a refined, harmonious outdoor environment designed for comfort, long-term use and effortless connection with the property's character.

VILLA MELIORA

VILLA

Location:
Podstrana, Croatia

Project scope:
Hospitality Outdoor Furniture

Completion year:
2023.

For Villa Meliora, we furnished the outdoor spaces to support different moments of the day, from dining and entertaining to quiet relaxation by the pool.

The darker woven finishes introduce depth and contrast against the villa's crisp contemporary architecture, while the furniture's comfort and durability make the terrace equally suited to everyday living and extended stays.
